I am a Data Science graduate from Telkom University with a strong interest in data analysis, machine learning, and transforming data into meaningful insights. I have experience working on projects involving data preprocessing, modeling, and evaluation to support data-driven decision making. I am eager to grow in a professional environment where I can further develop my technical skills while contributing to impactful real-world projects. I value continuous learning, teamwork, and clear communication in achieving effective solutions.

EDUCATION

Telkom University, Bandung
Data Science2022 - 2026
Current GPA: 3.66/4.00

PROFESSIONAL EXPERIENCE

PT Telkom Indonesia, Jakarta
Data Management Analysis Intern..... July 2025 - August 2025
Key Responsibilities
• Contributed to the development and analysis of internal data and AI-driven systems.
• Worked with structured datasets, databases, and system workflows.
• Supported LLM-based metadata generation and internal chatbot development.
• Assisted in operational data analysis and process improvement initiatives.

ORGANIZATIONAL EXPERIENCE

Student Association of Data Science, Bandung
Student Representative Body (BPM) – Supervisory Role.....January 2025 - December 2025
Key Responsibilities
• Conducted oversight and evaluation of divisional activities within the organization
Discrete Mathematics Mentor.....March 2024 - June 2024
Key Responsibilities
• Mentored students on discrete mathematics concepts and problem-solving techniques
Mathematical Logic Mentor.....October 2023 - December 2023
Key Responsibilities
• Provided guidance on mathematical logic topics, including propositional and predicate logic

Big Data Laboratory Telkom University, Bandung
Senior Member & Study Group Lead - Relational Database
(Promoted from Lab Member).....October 2024 - January 2026
Key Responsibilities
• Led a relational database study group for new members
• Designed and delivered structured learning materials on SQL and relational database concepts
• Mentored junior members and coordinated learning activities

Google Developer Student Clubs (GDSC) Telkom University, Bandung
Member – Machine Learning Division.....December 2023 - November 2024
Key Responsibilities
• Participated in machine learning mini bootcamps and technical learning sessions
• Engaged in discussions on fundamental machine learning concepts and case studies

EVENT EXPERIENCE

RISE 2024 (Rising Individually Skills and Confidence for Excellence 2024), Bandung
Liaison Officer May 2024 - June 2024
Key Responsibilities:
• Coordinated organizer–participant communications.
• Supported event operations and scheduling

FEEDS 2023 (First Meet Data Science 2023), Bandung
Public Relations November 2023 - December 2023
Key Responsibilities:
• Managed event communications and publication activities
• Supported content dissemination and audience engagement

CERTIFICATES

- Machine Learning Mini Bootcamp, GDSC Telkom University
- Project-Based Learning Certificate, Big Data Laboratory Telkom University
- Explore Generative AI, Mereka Academy
- AI Fundamentals & Responsible AI, Mereka Academy
- Machine Learning & Generative AI Fundamentals, Dicoding

SKILLS

- Data Analysis & Data Cleaning
- Python, SQL, Go, C++
- Machine Learning
- Workflow Automation (n8n)
- Data Visualization
- Database Management (Relational DB)
- Microsoft Office (Workflow & Reporting)
- Analytical & Critical Thinking
